Detail of fabric in side channel

Channels are 1 3/4" wide and can be jamb or face mounted. No light gap for complete edge blackout system, use as an insect screen, or room divider. Hardware finish is silver (standard), textured powder coat is available in white, black, ivory, or charcoal bronze. Custom powder coat colors available.

ZIPPER

Zipper detail welded into vertical sides of the shade fabric. Prevents fabric from coming out of the side channel for protection against wind.
