

# ICON ACE FREESTAND

The Icon Ace Freestand creates a stable and reliable freestanding modular video wall perfect for events, retail, and corporate. Minimal components make this stylish unit easy to assemble. Fine X/Y/Z axis adjustment capabilities provide precise display alignment in all four corners. Height and width can be adjusted with millimeter precision for edge-to-edge mounting.

This modular system allows multiple Icon Ace Freestands to be mounted side-by-side to create an extra-wide video wall. Each display mount can be secured, with screws (included) or with padlocks (not included). This increases public safety and reduces the risk of theft. The base can be bolted to the floor if required, and cladding can be ordered separately.

**FOCUSED ON  
INNOVATIVE  
SOLUTIONS**

## CORE SOLUTION

- Compatible video wall configurations: 2 x 2, 3 x 3, or 4 x 4.
- Display sizes: 46" or 55" diagonal.
- Maximum weight per display: 110 lb (50 kg).
- VESA pattern: 200 x 200 to 800 x 400.
- Finish: textured grey powder coat.
- Options: cladding for bottom, sides, and back.
