

TENSION SHADES SKYLIGHT 3 FLEXSHADE®

NARROW, LONG OPENINGS

Skylight 3 FlexShade®

- The Skylight 3 FlexShade® window shade provides motorized solar control and UV protection for long, narrow skylight openings. Its design features zero light gap when closed to control solar heat gain and glare, thus protecting staff and furnishings for a more comfortable work environment.

FEATURES

- Zero light gap.
- Must be installed horizontally with jamb mount only.
- Draw cable brackets provided with pulley assemblies.
- Pulley 6 ¼" (16 cm) with 3 ½" (9 cm) roller.
- Spline attached fabric.
- White powder coat finish on side channels.
- Product designed for interior use.

OPTIONS

- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- [Motor control options.](#)

SIZES

- Available in sizes up to 13' wide x 20' high (396 cm x 610 cm), depending on fabric selection. Minimum width 35" (89 cm).
