

EZ Fold[®] 503152

Official 72" x 48" Rectangular Glass Basketball Backboard

by DRAPER

Specifications—EZ Fold 503152

Official 72" x 48" Rectangular Glass Basketball Backboard

Product Description

Backboard shall be 72" x 48" to meet all NCAA and NFHS requirements.

Backboard frame of a heavy, brushed aluminum extrusion for maximum durability. Extended frame section of high tensile aluminum (6063-TS). Ends of the frame extrusions mitered and fitted with a flush, plated steel gusset-type mounting bracket on all four corners, incorporating keyhole slots for mounting the backboard to the support structure at standard mounting centers.

Goal mounting structure of a heavy, formed steel assembly which is secured to the lower horizontal frame member to minimize stress on the glass section. Special steel sleeves provided at the goal mounting hole locations secure rear structure to front mounting plate, forming a unitized assembly to minimize shock to the glass. Entire frame including goal mounting structure fitted with a shock absorbing neoprene material to cushion and protect the glass section.

Goal mount structure provided with four holes (7/16") to secure backboard and goal to an optional direct mount "goal brace" feature which relieves all stress and shock on the backboard conforming to the latest NCAA Rules (BR-73, D-5).

Glass 1/2" thick, fully tempered (heat-treated) with uniform load and impact strength. Official white border and target area is "fired in" permanently on front side of glass section so that it cannot wear away.

Backboard net weight shall be 210 lbs.

Goal mounting holes (4) to be standard 5" (horizontal) x 5" (vertical) mounting centers.

Lifetime Limited Warranty

Backboard shall be covered by a Lifetime Limited Warranty when installed on a Draper EZ Fold basketball backstop with Goal Brace or Direct Mount Height Adjuster. Contact Draper to request full warranty text.

Optional 503253 Backboard Safety Padding

Optional padding to protect the bottom and 15" up each side of the backboard to meet all NCAA, NFHS, and professional requirements.

Padding of a durable neutral gray, open cell foam material providing a full 2" thickness from the bottom and sides of the backboard frame. The front and back surfaces of the backboard frame shall be further protected by a 1" thick lip extending 3/4" up from bottom and sides of backboard.

Padding shall be permanently secured to the backboard frame by an easily applied high strength glue. Glue and brush provided.

NOTICE: 72" x 48" Backboards should not be used for new construction or major renovations. All basketball sanctioning bodies require or recommend the use of 72" x 42" backboards for new installations or replacements.

5032XX Backboard Padding Kit (Optional Equipment)

New molding process produces a super tough "skin" on the outside of the foam padding for long life. Pre-molded square corners for improved player safety. Molded-in steel track and bolt-on attachment system eliminate regluing or taping. Fits all official rectangular glass backboards.

Meets or exceeds all NCAA and High School Federation specifications. Available in NCAA-approved gray color. Also available in Dark/Royal Blue, Red/Scarlet, Navy, Marine/Columbia Blue, Kelly Green, Yellow/Gold, Forest Green, Orange, Purple, Black, and Maroon. 5-year warranty when installed indoors.
