

Competition Portable System

Feature competition styling, an official-sized glass backboard and breakaway goal. Low-maintenance extension spring technology design makes one-person setup and height adjustment easy and fast. Model 503018 (at right) has 66" of safe play area, and model 503019 has 96". Each has a full size 42" x 72", 1/2" tempered glass backboard and breakaway goal. Model 503019 features a rear anchor kit and added structural members, ballast and horizontal beam padding to allow high school or college competition play. Pads available in a wide variety of colors.

- Backboard has a lifetime limited warranty.
- Goal height is adjustable from 5' to 10' in 6" increments.
- Base and front are fully padded on all sides with 2" thick padding.
- Rolls easily on 8" diameter, 2" wide running gear.
- Front stabilizers lock in place for maximum play stability.
- Molded bolt-on edge padding color matches base.
- Front floor positioning pins included.

503018

Model 503018 has 66" of safe play area.

Recreational Portable System NEW

The same quality features and attention to details found in DRAPER's larger portables goes into this smaller spring-assisted portable designed to fit even the smallest facilities. Built for aggressive play at recreation centers, practice courts, multipurpose sports centers, churches or anywhere a durable, easy to setup basketball court is required. Model 503016 is easily maneuverable on its floor friendly 8" diameter, 2" wide urethane casters and adjustable padded front leveling feet.

- Easy one person set up and height adjustment from 8' to 10'.
- Model 503016 has a 54" extension at the 10' goal height and features a 42" x 54" glass backboard and built in ballast to prevent tipping.
- Optional floor anchor kit available.
- Base front and side padded with 2" thick vinyl wrapped polyurethane foam available in 12 colors.

503016
