

Orbiter—The Orbiter is an exciting projector mounting solution. This totally unique lift conceals your projector above the ceiling and rotates it into the “show” position at the touch of a switch or wireless transmitter.

Ingenious design allows the Orbiter to fit in small ceiling cavities. The Orbiter is supplied with a universal-style bracket that allows for easy attachment of a variety of projector models. The Orbiter can be used for video conferencing cameras, speakers, etc. Angled ceiling adapter allows Orbiter to be installed on angled ceilings.

Operated by optional IR or RF remote control, standard wall switch, or integrated into your control system, Orbiter will add a touch of class and sophistication to any room. The Orbiter motor is a DC–Low Voltage Motor, 12v, which allows for easier control and wiring of the lift.

	Part No.	PRICE	Shipping Wt./lbs.	Freight Class
Orbiter Lift				
Model A Lift	300350	\$2917	57	85
Model B Lift	300351	2917	77	85
Orbiter Environmental Airspace Housing				
Environmental Airspace Housing for Model A	300357	\$834	27	85
Environmental Airspace Housing for Model B	300356	834	30	85
Orbiter Angled Ceiling Adapter				
Adapter for Model A	300354	\$92	2	85
Adapter for Model B	300355	92	3	85

Closed Position

Show Position

Table- or Wall-Mounted Installation—The Orbiter can be mounted in table tops or other furniture (for projectors) or vertically in walls (for small LCD displays), providing the ultimate in convenience where typical installation in a ceiling is unwanted or unavailable.

	Part No.	PRICE	Shipping Wt./lbs.	Freight Class
Table- or Wall-Mounted Orbiter Lift				
Model A Lift	300360	\$3000	54	85
Model B Lift	300361	3000	72	85

Note: if using the Orbiter for wall installation of an LCD flatscreen display, the following mount is required to attach display to the Orbiter.

Model	Part No.	PRICE	Shipping Wt./Lb.	Freight Class
SMS WLF	233503	\$49	1	50 U

Orbiter mounted in a table top

Orbiter Controls

Control Description	Model	Part No.	PRICE
DC Motor Control		121161	\$250.00
*Wireless Transmitter/Receiver (RF type)	WRT/R	121062	235.00
Extra wireless transmitter (RF type)	WRT	121063	147.00
*Infrared Remote Transmitter/Receiver	IRT/R	121065	94.00
Extra IR remote transmitter	IRT	121066	70.00
Low voltage wall switch	LVC-S	121059	57.00

***Note**—DC Motor Control must be used if IR or RF control is required or if using systems like AMX, Crestron or Extron. The DC Motor Control replaces the LVC-III control commonly used with other products.

Orbiter mounted in a wall with an LCD screen attached

Freight Class Key

Number LTL freight class
U Regular UPS
+ \$6 surcharge (over 60" long)
Example: a freight code of 125 U+ indicates an item that may ship as freight class 125 or via UPS with a \$6 surcharge.
