

Presentation Easels—Draper Easels stand rock-solid on wobble-proof legs, yet collapse easily for transport or storage. Numerous exclusive features ensure effective, trouble-free visual presentations time after time. Draper offers two standards of quality in paper pad and writing surface easels: the DR Series and the OP Series. Both are carefully assembled from the highest quality structural grade aluminum alloy with all-riveted construction.

DR Series—All DR prefix models listed under “Paper Pad Easels” and “Writing Surface Easels” below have a folding pen tray at the bottom of the backboard, a hinged storage box for writing instruments on the back side, and hinged chart holders on the front legs.

OP Series—All OP prefix models are made to the same high standard of quality as the DR Series, but have a fixed pen tray, and do not have a storage box for writing instruments or hinged chart holders.

Spring-Loaded Paper Clamp: Paper pad attaches instantly to studs concealed under spring-loaded paper clamp.

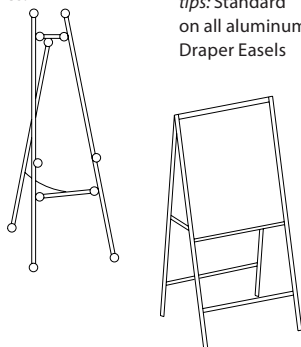

Accessory Storage Box: Standard on the back side of DR Series. Not available on OP Series.

Hinged Chart Holders: Standard on the front of the legs of DR Series. Not available on OP Series.

Pen Tray: Hinged on DR Series. Fixed on OP Series.

Ball Detent Hinge Release and rubber leg tips: Standard on all aluminum Draper Easels
