

CUSTOM FABRIC PRINTED FOR SHADES

Digitally printed fabric transforms window shades into large-format visuals for branding, messaging, graphics, seamless patterns, or color matching to complement your interior design.

In-house printing ensures consistent **quality, efficient production, and reliable lead times** while maintaining design intent.

High-resolution digital printing produces sharp image detail and vibrant color on motorized, manual, or fixed shade systems – **indoors or out.**

Whether you choose to provide custom colors, seamless patterns, logos, or images, the same precision approach to color accuracy is applied by our **experienced and certified technicians.**

DETAILS:

Available with all **interior and exterior** Draper shade models, including motorized, manual, and fixed systems, **for residential or commercial use.**

Maximum **width** up to 120" (304.8 cm).

White, printable fabrics required for optimal color accuracy. See other side for recommended fabrics.

Water-based latex inks are UL ECOLOGO and GREENGUARD GOLD certified, with no off-gassing.

Custom graphics and logos printed from **customer-supplied artwork.**

Graphics can be printed on either the **room-facing or exterior-facing** side of the shade.

Some restrictions apply.

Contact your Draper sales representative for more details.

See next page for list of printable fabrics.
