

GYM DIVIDER CURTAINS WALK-DRAW

SUSPENDED, SIMPLE TO USE AND STORE

- The Walk-Draw Divider Curtains feature a divider curtain suspended from an overhead track. While walking, just pull the curtain into place or pull it back into its compact storage area. Ball bearing wheels ensure a smooth gliding action, so curtain always moves at the operator's pace. Design tracks to accommodate the shape and size of the sports arena—box in a court with four curtains or radius the track to encircle the area.

FEATURES:

- Customize the size and look of your curtains.
- Seams are electronically welded with a 1" (25 mm) full contact weld.
- Outer edge hems are turned with double welds.
- In the stacked position, the walk-draw requires 6" (152 mm) clearance on either side of the track's center line.

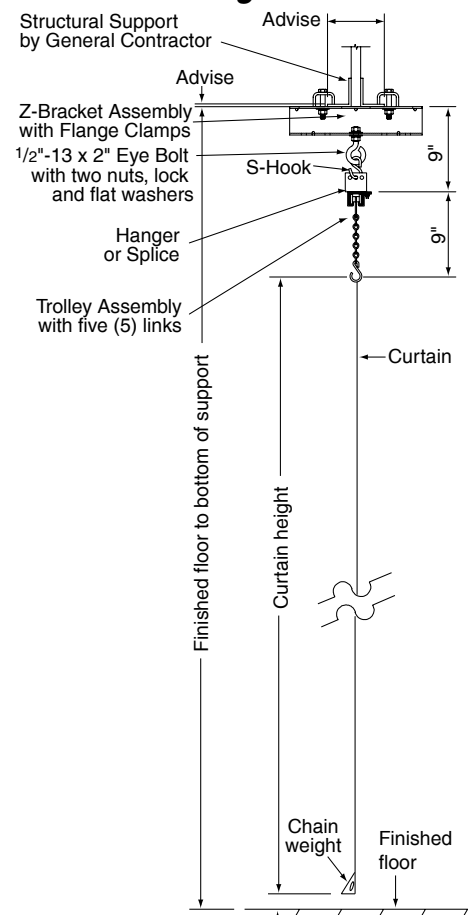

WEIGHTS/MEASUREMENTS:

- Total hanging weight is approximately ½ lb per ft² (2.44 kg/m²).
- Track supports do not exceed 8' (2.44 m) on center.
- Maximum curtain height: 25' (7.62 m).
- Maximum size per fabric section: 1,600 ft² (149 m²).
- Stacking dimension is approximately 1-½" (29 mm) per foot of divider.
