

VOLLEYBALL Combination Volleyball System CVS

SYSTEMS ADJUST FOR VOLLEYBALL, BADMINTON, TENNIS, AND OTHER NET GAMES

Product: Combination Volleyball System, Post and adjustment detail.
Photography: Tony Federick, Muncie, IN

CVS—Two standards stay in place: lower net to 3'6" (1 m) for tennis or 5'1" (1.5 m) for badminton.

- Highly maneuverable, the all-aluminum, floor-sleeve type, system features infinite net height adjustment. The heavy-duty tensioning winch provides a self-locking, worm gear mechanism with a high tensile strength nylon strap and heavy-duty snap for safe connection to the net-top cable. Winch includes a folding handle for added security and player safety. Can be hung on a wall with hooks, stored on optional transporter, or tucked away in a closet.

PART NOS.
SINGLE CVS: 500010
DOUBLE CVS: 500011

FEATURES:

- Meets all NFHS, USA Volleyball, and NCAA requirements for competition equipment.
- Secure cast-in-place 3-1/2" (89 mm) ID floor sleeves with choice of flush cover plates.
- Infinite height adjustment to all competition heights for tennis, badminton, men's volleyball, or anywhere in between 8' to 3'6" (2.44 m to 1.07 m).
- Rope tensioner holds the bottom of the net taut.
- An adjustable rubber protective bumper on each upright offers fine adjustments and protection of your court.
- Durable high-gloss black powder coat finish.

OPTIONS:

- **500010** Includes one pair of uprights, net, and combination antennae/boundary markers. Power winch located on outside of one post. Second upright equipped with adjustable cable anchor collar.
- **500011** Includes three uprights, two nets, two rope tensioners, and two pairs of combination antenna/boundary markers. Power winch located on outside of two posts. Center upright equipped with double top pulleys and adjustable anchor collar to attach two nets.
- Optional upright protective pads available. Dark blue standard; other colors available.

SUPPORTING DOCUMENTS

FLEX-NET UPGRADE KIT

500018 The Flex Net has only two connecting points on each side by placing all tension on the heavy-duty woven nylon strap top and bottom bands to supply superb net tension and eliminate extra cables, straps and tie off's. Kit comes complete with net and all adaptor cables to fit most volleyball systems.

Available for EVS, PVS, CVS, and SVS systems.
