Specifications—Floor Protection Covers

Product Description

Floor covers shall be Floor Protection Cover by Draper, Inc. Spiceland, IN. Floor Protection Cover is constructed of heavy-duty, 22 oz. per square yard, laminated vinyl materials with polyester scrim for extreme durability. Vinyl material is rated as self-extinguishing per the California State Fire Code, Class-A Rated in accordance with requirements of NFPA 101 and passes NFPA 701. Cover material is resistant to rot, mildew, fungus and fade from exposure to ultraviolet light. Vinyl Floor Protection Covers are available in Red, Blue, Gray, Beige, and Black.

Floor Protection Cover materials come in sections that are 10' wide by a maximum of 120' long and are combined to meet facility needs. Floor Protection covers are designed to help protect valuable playing surfaces from street shoes, chairs and table legs as well as spills when a facility is used for purposes other than athletic competitions.

Specifications—Floor Protection Cover Cart

Product Description

Floor protection storage/transportation cart is to be model no. (502499/502500), (Six/Eight) Roll Floor Protection Cover Cart by Draper, Inc. Spiceland, IN.

Floor Protection Cover Cart is constructed of 1½" x 14 gauge square tubing and ¼" thick steel plate and finished with an attractive gloss black powder coat. Cart features six 6" non-marking casters to distribute weight of cart and covers across a larger floor surface area. Cart has folding outriggers that are locked in the down position during use and dual floor locks to hold the cart in place. Overall dimensions of cart are 148³/₈" (l) x 30" (w) x 60⁵/₈" (h). Width allows for cart to go through a standard door and outriggers that provide a total width of 52³/₄" when in the down position, remove any possibility of tipping. Fabric rolls on zinc plated 2³/₈" OD roller tubes that are captured in four roller, bearing plates to insure easy operation. Roller tubes include through pins at each end to accept hand cranks at each end for easy rolling of Floor Protection Cover. Cover attaches quickly and easily to roller tubes with flexible plastic clips and is secured in the rolled position with hook and loop straps. Each cart is supplied with two hand cranks plus four flexible plastic clips and one hook and loop strap for each roller tube. Cart base includes shelves at each end and in the middle for storage of crank handles, clips, strap and other accessories.
