

BASKETBALL BACKSTOPS

Wall-mounted side-folding DGW & DGW-E

FITS SMALL SPACE REQUIREMENTS

- The small vertical space required for this backstop makes the DGW Wall-Mounted, Side-Folding Basketball Backstop great for multi-functional facilities. It stores nearly flat against a side wall when not in use. The DGW provides a competition grade backstop, yet requires little storage space when not in use. The telescopic diagonal brace provides a locking device for play or stored positions using a threaded locking pin. Features a steel tubing framing system unit that is supported by two welded-link chains when in play position.

FEATURES:

- Specify whether unit is to fold to the right or left side when placing order.
- Steel tubing frame system.
- Includes 2 x 8 (3.81 cm X 18.42 cm) southern yellow pine wall pads at wall attachment points.
- **DGW-E** Includes a 115-volt linear actuator to fold backstop to either side.

OPTIONS:

- Frames have black or white powder coat finish; other color options available.
