

GYM DIVIDER CURTAINS WINCH, ALARM, & SAFETY DEVICE

Divider Curtain Winch

Audible Alarm Kit

Curtain Lok™

- With an oil-filled, high-strength metal alloy gear case and premium seals, our Gym Divider Curtain Winches provide superior maintenance-free operation. The versatile light-weight, low-profile design can be used with most sizes of Draper Fold-Up, Top-Roll, Roll-Up, Radius-Fold divider curtains, and Multi-Sport Practice cages.

GYM DIVIDER CURTAIN WINCH C129.030

- Hardened steel gears and a powerful instantly reversing ¼ HP motor to produce over 1,500 inch lb (169.5 Nm) of torque while running at 13.5 RPM.
- Includes 3-position, momentary-contact wall switch.
- Optional wireless remote or group control systems available.
- Five-year limited warranty.

GYM DIVIDER CURTAIN WINCH HIGH VOLTAGE MODELS C129.023 / C129.024 / C129.036 / C129.037

- The 220-Volt Gym Divider Curtain Winch features high-voltage divider curtain/practice cage winches for special applications. Choose from 60 Hz models for domestic projects or 50 Hz for international installations.
- Hardened steel gears with a powerful, instantly reversing ¼ hp motor produces over 2,800 inch-lb (316.4 Nm) of torque.
- Available in standard 13.5 RPM or 8.125 RPM for installations requiring greater torque.
- Includes 3-position momentary key switch and cover plate.
- Five-year limited warranty.

GYM DIVIDER CURTAIN WINCH HIGH TORQUE MODEL C129.022

- The High Torque Gym Divider Curtain Winch produces over 2,800 in-lb (316.4 Nm) of torque, while running at 8.125 RPM.
- Includes three-position, momentary-contact wall switch.
- Optional wireless remote or group control systems available.
- Five-year limited warranty.

AUDIBLE ALARM KIT FOR BACKSTOP OR CURTAIN WINCH 503065

An 80 decibel pulsating warning tone is emitted that alerts everyone in the area of overhead equipment operation in a gymnasium. The Audible Alarm Kit for Backstop or Divider Curtain Winch works with any Draper backstop or divider winch controlled by a key switch, wireless remote, EZ Pad, or Smart Gym.

SUPPORTING DOCUMENTS

All instructions, technical drawings and other supporting documents are located at: draperinc.com/documents.aspx

- Audible alarm assembly consists of 4" x 4" (102 mm x 102 mm) electrical steel box with twist lock receptacle, 80 decibel beeper and 5' (1.52 m) long cord with twist lock plug.
- Four-prong twist lock plug to be connected to the winch.
- Provided with twist lock receptacle on 4" (102 mm) square cover for connection to building power source.

CURTAIN LOK™ GYM DIVIDER CURTAIN SAFETY DEVICE 504321

The Draper innovative independent safety device locks drive shaft operated curtains. Based on the same technology as our Posilok Safety Strap, the Curtain Lok is directly speed sensitive and instantly locks the curtain drive shaft whenever the speed exceeds 1 ½' (46 cm) per second. The Curtain Lok is compatible with Draper Fold-Up, Roll-Up, Radius-Fold and Top-Roll Divider Curtains, as well as similar style curtains from other manufacturers.
