

Factory Installed Cable on Draper Lifts:

Save time on your installation. Only Draper offers to pre-install cables on your lifts! We normally provide Extron cables, so you know you can trust the quality.

Factory-installed cables are available on the following lifts:

- Micro Projector Lift
- SL and SLX Scissor Lift
- LCD Lift

Pre-terminated cables available:

- RGBHV/Composite/Component video with BNC connectors
- VGA with 15 pin HD connectors
- Composite/Component video with RCA connectors
- RS232 with DB9 connectors
- CAT 5/CAT 6 cables
- HDMI

We include gender changers to make connections to other source cables easy. Add this unique service to your package!
