 - Easy install for ceiling, lift, or tabletop.

DRAPER CUSTOM AV SOLUTIONS

Silent Partner™

Indoor Projector Sound Enclosures
for projectors 5,000–15,000 ANSI Lumens

THREE SIZES:

- MODEL A Most projectors 5k–8k lumens
- MODEL B Most projectors 8k–10k lumens
- MODEL C Most projectors 10k–15k lumens

FEATURES:

- Reduces projector noise by about 20–25 dBA.
- Exhaust labyrinth for optimum noise attenuation.
- UL94V fire rated acoustic insulation foam.
- Thermostatic fan control with sensitivity adjustment for noise and temperature optimization.
- Electrostatic inlet air filter.
- M10 Threaded inserts provide easy install for mounting below ceilings.
- Removable, lockable side doors with optical grade port glass.
- Easy access rear hinged door.
- Strong frame construction.
- Can be attached to lifts to conceal them when not in use.
- Projector clamp firmly holds projector for tabletop or ceiling orientation.
