

LIFTS AND MOUNTS Orbiter A and B

CEILING MOUNTED/INSTALLED, LOWERED WHEN IN USE

- The Orbiter features a unique lift design that provides an impressive entrance as it quietly rotates the projector into presentation position. Ideal for small ceiling spaces, it can also be installed in an angled ceiling or wall. Model A is designed to accommodate smaller projector sizes. Model B is designed to accommodate larger projector sizes.

FEATURES

- Lift positions projector directly below ceiling.
- Includes ceiling closure panel in white.
- Includes universal-style bracket for easy attachment of a variety of projector models.
- Wall switch standard, optional IR or RF remote control, or integrate into your control system.
- Lift finish is black.
- **WARRANTY:** One year against defects in materials and workmanship.

OPTIONS

- Optional Environmental Airspace Housing to isolate projector from environmental airspace above ceiling.
- Optional IR or RF remote control, or integrate into your control system.

Optional accessories such as environmental airspace housing isolates and secures your lift and projector from the space above ceilings.
