

LIFTS AND MOUNTS Scissor Lift SL

CEILING MOUNTED/INSTALLED, LOWERED WHEN IN USE

■ Designed for demanding projector applications, the Scissor Lift SL features three sets of scissors to provide lateral and front-to-back projector stability with a maximum 100-pound (45 kg) lifting capacity. The SL offers extension positions for show and service that provide ease of access for projector maintenance. Available with models that vary in maximum lifting capacity and extension to service positions.

Optional accessories such as environmental airspace housing isolates and secures your lift and projector from the space above ceilings.

FEATURES

- 110 or 220 Volt.
- Five models available.
- Smaller projectors can fit within 2' x 2' (61 cm x 61 cm) ceiling grid.
- Installation of factory installed cables for video and projector control available.
- Wall switch and service key switch, standard.
- Lift finish available in white (standard) or black.
- WARRANTY: One year against defects in materials and workmanship.
- US PATENTS: draperinc.com/legal/patents/

OPTIONS

- Environmental Airspace Housing to isolate projector from environmental airspace above ceiling.
- Ceiling closure panel available in white (standard) or black.
- Ceiling finish kit. Kit includes ceiling trim ring and closure panel (order when Airspace Housing is not required).
- Universal-style bracket for projector attachment to lift. For use with projectors under 26 lb (12 kg).
- Optional IR or RF or integrate into your control system.
