MODULAR DESIGN adapts to different video wall configurations. Available for new and retrofit installations in almost any size.

A simple, elegant solution, Draper® SmartTrim™ for Barco UniSee® offers quick and easy attachment for a wide range of standard and custom Barco UniSee video wall configurations. Utilizing existing Barco UniSee X mounts, the trim clicks securely into place with magnets to cover and protect the Barco UniSee wall mount.

It comes standard with a textured matte black finish, but a variety of finish options allow the trim to match almost any new or existing installation environment. Co-developed by Draper, Inc., and SMS Smart Media Solutions, a Draper subsidiary in Sweden, the Draper SmartTrim for Barco UniSee is patent pending and design protected.

**FOCUSED ON
INNOVATIVE
SOLUTIONS**

CORE SOLUTION

- Standard kit includes: 2 x 2, 3 x 3, 4 x 4, 2 x 4, and 3 x 4 Barco UniSee video wall configurations.
- Can be easily added to most existing Barco UniSee installations. For custom solutions, contact Draper.
- Textured matte black finish standard. Optional white and other powder coat paint colors available.
- Custom colors, wood veneers, and laminates also available.
- Trim hardware attached using Barco UniSee service tool.
- Multiple locking points for safe and accurate installations.
- Trim top and bottom vented for convection cooling.
- Soft padded foam to protect display edges.
- Modular design allows for growth when adding new displays.
- Modular design equals smaller packaging and easier installation.
