

MANUAL ACCESS FIT M

CEILING- OR WALL-MOUNTED, FREE-HANGING

AUTORETURN AVAILABLE

■ Compact housing allows the Access FIT M projection screen to fit tighter ceiling spaces. It is an ideal choice for boardrooms, training rooms, universities, and churches. The bottom closure panel provides access to all components for easier service and maintenance. Installation of the case during the initial phase of construction eliminates job site damage, allowing for installation of the screen at a later time.

Spring-roller operated screens for simplicity of operation and no wiring set-up or cost. Free-hanging, fiberglass-backed projection screens maintain flatness thanks to the weight of the screen and bottom dowel.

FEATURES

- NTSC, HDTV AND 16:10 format have image area framed with black on all four sides. Black side borders are available on request for AV format Screens.
- Spring-roller operated screen for ceiling-recessed installation.
- Adjustable or removable hoisting brackets included for easy lifting during installation.
- Sliding brackets inside case accommodate different size screens.
- White case standard, black available upon request.
- WARRANTY: One year against defects in materials and workmanship.

OPTIONS

- **AutoReturn** provides smoother, quieter retractions for the wall- or ceiling-mounted Access Fit M with AR spring-roller projection screen.

- A simple pull of the handle and the AutoReturn feature automatically retracts the projection screen. It slows the return as the screen approaches its upper limit. This reduces friction and eliminates any banging when the screen enters the case. AutoReturn prevents potential damage to the dowel or screen surface. Intermediate stop positions allow you to lower, raise screen completely, or stop at any point in between.
- Optional, removable aluminum operating pole available in lengths of 4' or 6' (122 cm or 183 cm).
- **Viewing Surfaces:** OptiView™ (self-supporting), family.

SUPPORTING DOCUMENTS

All instructions, technical drawings and other supporting documents are located at: draperinc.com/Documents.aspx
