

MANUAL NOCTURNE+ C

CEILING- OR WALL-MOUNTED, FREE-HANGING

■ A crank-operated projection screen, the Nocturne+ C was designed for easy installation. It is ideal for outdoor entertainment on a patio, pool deck, or other outdoor venues. A detachable crank handle limits screen access. With a broad selection of screen sizes and a headbox engineered to be weather and insect resistant, the Nocturne+ C is a great choice for entertainment to elevate an outdoor living space.

Crank operated screens for simplicity of operation and no wiring set-up or cost. Free-hanging, fiberglass-backed projection screens maintain flatness thanks to the weight of the screen and bottom dowel.

FEATURES

- Crank-operated, 60" (152 cm) handle standard.
- Floating wall brackets grip the screen securely anywhere along the back of the case for ease of installation.
- Hardware finish choices: silver, white, black, ivory, or charcoal bronze. Insect and weather resistant aluminum headbox; includes a built-in hinge for ease of installation and service.
- Weighted hem bar to stabilize viewing surface during operation.
- Cable guides included for secure operation in wind (secures hem bar only, not fabric).
- Projection screens in outdoor spaces should be retracted in windy conditions.
- In coastal applications near salt water, some deterioration of the operator and bracket components may occur.

- **WARRANTY:** One year against defects in materials and workmanship.

OPTIONS

- Custom powder coat colors available.
- **Viewing Surfaces:** OptiView™ (self-supporting) and ClearSound™ (acoustically transparent) families.
