

MANUAL SALARA M

CEILING- OR WALL-MOUNTED, FREE-HANGING

AUTORETURN AVAILABLE

- Make a design statement in your home or office space with the wall- or ceiling-mounted Salara M. This manual projection screen presents a small, stylish elliptical case. Lock and load brackets make this screen easy to install, while remaining barely visible.

Spring-roller operated screens for simplicity of operation and no wiring set-up or cost. Free-hanging, fiberglass-backed projection screens maintain flatness thanks to the weight of the screen and bottom dowel.

FEATURES

- Black drop may be standard, depending on screen size. Extra drop above image area available upon request. Black side borders are available for AV format upon request.
- Floating wall brackets grip the screen securely anywhere along the back of the case, and are barely visible.
- High-quality, spring-roller projection screen can be wall- or ceiling-mounted.
- Small, elliptical case with domed endcaps finished in white.
- **WARRANTY:** One year against defects in materials and workmanship.

OPTIONS

- **AutoReturn** provides a smoother, quieter screen retraction for the wall- or ceiling-mounted Salara M with AR projection screen. A simple pull of the handle and the AutoReturn feature automatically retracts the projection screen. It slows the return as the screen approaches its upper limit. This reduces friction and eliminates any banging when the screen enters the case. AutoReturn prevents potential damage to the dowel or screen surface. Intermediate stop positions allow you to lower, raise screen completely, or stop at any point in between.
- **Viewing Surfaces:** OptiView™ (self-supporting), family.

SUPPORTING DOCUMENTS

All instructions, technical drawings and other supporting documents are located at: draperinc.com/Documents.aspx
