

MANUAL SILHOUETTE M

CEILING- OR WALL-MOUNTED, FREE-HANGING

AUTORETURN AVAILABLE

Silhouette M Private Residence., Dealer: Harmony Interiors Asheville, NC.,
Photography: Scott Arthur

- The Silhouette M (manual), spring-roller projection screen features complete retraction of the screen and dowel inside the case for a clean, streamlined exterior. No exposed fasteners, plus slender dimensions enhance the Silhouette M's sleek, contemporary design providing an attractive appearance.

Spring-roller operated screens for simplicity of operation and no wiring set-up or cost. Free-hanging, fiberglass-backed projection screens maintain flatness thanks to the weight of the screen and bottom dowel.

FEATURES

- Black drop may be standard, depending on screen size. Extra drop above image area available upon request. Black side borders are available for AV format upon request.
- No visible fasteners—hanging brackets are self-concealing.
- Curved aluminum case with white finish and matching endcaps. Black finish available upon request.
- Front fascia removable without tools for easy access to roller and fabric for maintenance and service.
- **WARRANTY:** One year against defects in materials and workmanship.

OPTIONS

- **AutoReturn** provides smoother, quieter retraction for the wall- or ceiling-mounted Silhouette M with AR spring-roller projection screen. A simple pull of the handle and the

AutoReturn feature automatically retracts the projection screen. It slows the return as the screen approaches its upper limit. This reduces friction and eliminates any banging when the screen enters the case. AutoReturn prevents potential damage to the dowel or screen surface. Intermediate stop positions allow you to lower, raise screen completely, or stop at any point in between.

- **Viewing Surfaces:** OptiView™ (self-supporting), family.
- Chroma Key surfaces available.

SUPPORTING DOCUMENTS

All instructions, technical drawings and other supporting documents are located at: draperinc.com/Documents.aspx
