- Flame Retardant Standard: NFPA-701
- Composition: Fiberglass base laminated with PVC and coated.

#### REFLECTIVE PERFORMANCE<sup>1</sup>

- Gain Chart— See below
- 0° Gain: 0.8
- Half Gain Angle: Material does not reach half gain.

<sup>1</sup>Individual test results may vary. Results based on a representative sample in Draper inventory.

#### OptiView Family of Surfaces

OptiView surfaces are self-supporting and do not require tensioning to lay flat. These front projection surfaces are generally installed on operable roller screens with a dowel. Most surfaces in this group have a tearproof fiberglass base textile. OptiView surfaces are extremely sturdy and suitable for use in a variety of settings. All are 4K ready.
