

CAMERA LIFT Video Conferencing Camera Lift - Ceiling

CEILING RECESSED CASE, LOWERED WHEN IN USE

LEFT: VCCL and ABOVE: Adapter bracket

- The Video Conferencing Camera Lift – Ceiling (VCCL) is designed to provide complete concealment of the video conferencing camera in a ceiling-recessed case. The compact case installs directly behind the screen case and features motorized door closures. The camera can be lowered up to 10 feet below the ceiling and remain centered for more precise camera positioning. It accommodates larger camera sizes and provides more flexibility during installation due to the ability to adjust the lowering position.

FEATURES

- Accommodates cameras up to 14" wide x 8" high x 9" deep (36 cm x 20 cm x 23 cm).
- Travel range anywhere from 0" to 120" (0 cm to 305 cm) with infinite adjustability.
- Includes single station wall switch.

OPTIONS

- **Other control options** are available.
- Video conferencing camera adapter bracket.

SIZES

- **Case dimensions** 15-¹/₈" high x 12-¹⁵/₁₆" deep x 77" minimum length (38 cm x 33 cm x 196 cm).
- **Maximum lifting capacity** 15 lb (7 kg).
