

ELECTRIC Baronet

FREE-HANGING, CEILING- OR WALL-MOUNTED

- No electrician is required for the Baronet wall- or ceiling-mounted, electric projection screen. Endcaps form universal mounting brackets for easy installation. Just install the electric screen and plug the power cord into the nearest wall outlet. The attractive, slender pentagonal case design is scratch-resistant and fits into most spaces housing a quiet, trouble-free motor-in-roller.

THIS SCREEN IS FREE-HANGING
Free-hanging, fiberglass-backed projection screen maintains flatness thanks to the weight of the screen and bottom dowel.

FEATURES

- Image area framed in black on all four sides, 12" (30 cm) extra drop standard.
- No wiring necessary, includes 10' (305 cm) power cord and in-line switch. 110V or 220V motor available.
- WARRANTY: One year against defects in materials and workmanship.
