

ELECTRIC Silhouette V

TAB-TENSIONED, CEILING- OR WALL-MOUNTED

- With slender dimensions, the electric, tab-tensioned, wall- or ceiling-mounted Silhouette V projection screen features a contemporary design. The screen and dowel retract completely inside the stylish case to provide a streamlined look.

THIS SCREEN IS TAB-TENSIONED
RF welded tabs eliminate stickiness and tab separation. Tabs warranted against separation for five years. Tab-tensioned screens provide a perfectly flat viewing surface with better image quality.

FEATURES

- Image area fully framed with black. Standard 12" (30 cm) black drop at top of viewing area.
- Streamlined extruded aluminum case finished in white (standard) black available. No exposed fasteners or mounting brackets.
- Front fascia removable without tools for easy access to roller and motor for service.
- Conduit connection provided at back or top of case.
- Rear projection surfaces available.
- Bottom of viewing surface enclosed in dowel that disappears inside case when retracted.
- Includes a 110V, 3-position switch (standard).
- WARRANTY: One year against defects in materials and workmanship.

OPTIONS

- **Control options:** Optional Plug & Play with built-in low-voltage controller (LP) or with built-in quiet, low-voltage controller (QLP).
- Quiet, low voltage motors and 220V options available.
- **Viewing Surfaces:** TecVision®, OptiFlex™ (tensioned), CineFlex™ (rear projection) and ClearSound™ families.
