

PORTABLE FOLDING PIPE & DRAPE RUNOFFS, SKIRTS

DRESS UP YOUR PORTABLES FOR GREATER IMPACT AND FOCUS ON THE PRESENTATION

■ Construct a professional trade show atmosphere anywhere thanks to a free-standing modular drapery system designed for Draper® folding screens. This portable unit sets-up quickly, creating a theater-like appearance or room divider to mask unsightly areas. Horizontal drape supports are adjustable with lock anywhere stops. They attach to the telescoping, two-piece Slip-Lok horizontal bars with sturdy steel hook and slots. Friction locks on the uprights bear virtually any weight, yet have fingertip release. Alternate stud positions on the bases allow for setup against a wall or in a corner.

Pipe and Drape Runoff offers infinite adjustments to almost any height or width making it perfect for the rental market.

COMPONENTS

- Slip-Lok upright available in various sizes from 3' to 17' (91 cm to 518 cm).
- Steel base: 3/8" x 18" x 18" (1 cm x 46 cm x 46 cm) and 35 lb (16 kg); or lightweight base: 3/16" x 18" x 18" (.5 cm x 46 cm x 46 cm) and 18 lb (8 kg).
- Mobile base carts available for storage and transport.
- 2.0® by Versatop™ connecting system available in a variety of sizes. Saves time and eliminates inventory damage.
- 3-piece upright available. Quickly and easily adjusts drapery height from 7' to 17' with minimal effort.
- Black hardware is available for quantity orders.
- Drape panels available in 156" (396 cm) or 50" (127 cm) widths and heights of 144" (366 cm) or 192" (488 cm). Custom sizes available.
- Drape panels hemmed top and bottom to accept horizontal drape supports.

- 4 fabrics to choose from include: Inherently Flame Retardant (IFR) velour; 10 oz poly knit satiny polyester; 12 oz classic twill wrinkle-resistant polyester; and 12 oz vellite brushed polyester with a crushed appearance.
- Fabric colors include: IFR velour in black or custom colors; poly knit and vellite in black or rich navy; and classic twill is in black, rich navy, or a variety of custom colors.
- Tripod screen skirts available for Diplomat R. Skirts are 38" (97 cm) high and attach to screen case with hook and loop.
- Black skirts available for AV carts, tables, and projector stands. Coordinate with Pipe & Drape Runoffs or any folding screen dress kit.
