

ELECTRIC PREMIER AND PREMIER XL

TAB-TENSIONED

- Ideal for conference rooms, classrooms, or home theaters, the economical Premier wall- or ceiling-mounted, electric projection screen offers a tab-tensioned viewing surface. Housed in an attractive black pentagonal steel case, the motor-in-roller is insulated to provide the Premier with a smooth, quiet operation.

Tab-tensioned screens provide a perfectly flat viewing surface with better image quality. RF welded tabs eliminate stickiness and tab separation. Tabs warranted against separation for five years.
