

VIDEO CONFERENCING VCB ACCESS XL E

UNIQUE SOLUTIONS HELP PROJECT YOUR IMAGE AND AVOID VIEWER DISTRACTIONS

ELECTRIC

Custom printed VCB Access, Dealer: MCW Solutions, VA, Washington Institute, Washington D.C.
Photography: Marty Katz, Brooklandville, MD

Large venues—such as sporting events, ballrooms, conference centers, or universities—can benefit from the larger video conferencing background sizes available in the electric, ceiling-recessed VCB Access XL E. The bottom closure panel provides access to all components for easier service and maintenance.

FEATURES

- White case standard, black available upon request.
- Bottom closure panel can hang in place when open or is detachable.
- Mounting brackets adjustable to facilitate installation.
- Includes adjustable or removable hoisting brackets for ease-of-installation.
- Trim flange finishes the ceiling opening.
- Motor mounted inside roller for a trim balanced appearance.
- Quick connect wiring connections provide easy installation of case.
- Includes one 110-120V 3-position switch (standard).
- Wall switch standard.
- WARRANTY: One year against defects in materials and workmanship.

OPTIONS

- Background options available: neutral colors, chroma key, or printed graphics.
- Other control options are available.
- Optional locking switch cover plate for limited access to three position switch.
- Optional IR or RF remote control, or integrate into your control system.

SUPPORTING DOCUMENTS

All instructions, technical drawings and other supporting documents are located at: draperinc.com/documents.aspx
