

VIDEO CONFERENCING VCB ACCESS E

UNIQUE SOLUTIONS HELP PROJECT YOUR IMAGE AND AVOID VIEWER DISTRACTIONS

ELECTRIC

■ An ideal fit for small- to medium-sized spaces, the VCB Access E video conferencing background features smooth operation for professional presentations.

FEATURES

- Sleek white case standard, black available upon request. Case installs above ceiling.
- Bottom closure panel can hang in place when open or is detachable for service.
- Mounting brackets adjustable to facilitate installation.
- Provides for installation of background surface and roller at the same time or added without tools at a later date.
- Includes adjustable or removable hoisting brackets for ease-of-installation.
- Trim flange finishes the ceiling opening.
- Quick-connect wiring connections provide early installation of case and screen addition later.
- Includes one 110-120V 3-position switch (standard).
- Internal junction box and plug-in wiring connections allow housing to be installed and connected to building power supply separately from motor and background.

- Wall switch standard.
- Motor mounted inside roller for a trim balanced appearance.
- WARRANTY: One year against defects in materials and workmanship.

OPTIONS

- Optional IR or RF remote control, or integrate into your control system.
- Background options available: neutral colors, chroma key, or custom printed graphics.
- Optional locking switch cover plate for limited access to three position switch.
- White case standard, black available upon request.
