

VIDEO CONFERENCING VCB TRAVELLER

UNIQUE PORTABLE SOLUTIONS HELP PROJECT YOUR IMAGE & AVOID VIEWER DISTRACTIONS

Shown with custom printed graphics.

CHROMA KEY GREEN
Digital sample of actual color may vary slightly.

- The **VCB Traveller** works so well that people can't believe it's a pull-up travel stand. The quality and ease of the VCB Traveller gives you the confidence to maintain a professional video conferencing presentation anywhere.

The infinitely adjustable telescoping mast provides fast, easy set up to the desired height on the floor or tabletop. Housed in a durable, self-contained, extruded aluminum case with black powder coat finish and a built-in carrying handle makes transport easy for effective presentations while traveling.

FEATURES

- Self-contained extruded aluminum case with black powder coat finish and built in handle.
- Can be set up on floor or table depending on the height required.
- Telescoping support twist locks to position screen at desired height.

OPTIONS

- Background options available: chroma key, or custom printed graphics.
