

# EXTERIOR ROLLER SHADES

OUTDOOR SOLAR CONTROL

# EXTERIOR FLEXSHADE® CRANK-OPERATED

Exterior FlexShade® Crank-Operated, Storefront

■ The Exterior FlexShade® Crank-Operated window shade provides added security by limiting unauthorized persons from operating shades. The crank offers precision control for quick and easy adjustments to raise or lower window shade(s) to exact desired height. This exterior shade provides maximum solar heat gain reduction and creates a more comfortable indoor workspace for restaurants or commercial settings.

## FEATURES

- Detachable crank handle (white) available in 48" (122 cm), 60" (152 cm) (standard) and 72" (183 cm) lengths.
- Weighted hem bar stabilizes shade during operation.
- Square headbox size is 3 5/8" wide x 3 5/8" high (92 mm x 92 mm).
- Porch or patio shades should be retracted in windy conditions.
- In coastal applications near salt water, some deterioration of the operator and bracket components may occur.

## OPTIONS

- Side channels or cable guides available for secure operation in wind (secures hem bar only, not the fabric).
- Hardware finish choices: silver (standard), white, black, ivory, or charcoal bronze. Custom powder coat colors available.

## SIZES

- Available in sizes up to 11' x 11' (335 cm x 335 cm), depending on fabric selection.
