

FLEXSTYLE™

Motorized FlexStyle RTS AC

RADIO TECHNOLOGY SHADE WITH BUILT-IN RADIO RECEIVER FOR WIRELESS CONTROL

Choose from nine designer finishes or ready-to-paint primer grey.

- A luxury open roll shade, **Motorized FlexStyle RTS AC** features a built-in radio receiver for wireless shade control. The easy-to-program handheld control options with Plug & Play capabilities make this shade an excellent choice for any residential space, as well as the office, boardroom, and small commercial settings. Decorative and well-designed mounting brackets conceal fasteners in 9 attractive finishes.

FEATURES

- Shade available in single roller option and can be coupled to reduce the number of motors required.
- Unit includes a 3-wire radio line voltage motor, parallel wiring, and electronic programmable limits.
- AC motors use line voltage. Motors can be parallel wired (daisy chained).
- Serial and dry contact interfaces available.
- Secure moisture resistant connection to line voltage using an M12 Connector or
- Plug & Play option using three-prong NEMA plug.
- Product designed for interior use.

OPTIONS

- Optional sun sensor or timer with on-screen display.
- App control is an optional feature.
- Wireless wall switches available in 1, 2, 3, 4, or 5 channels. Handheld remotes are available in 1, 4, or 16 channels.
- Stylish cast aluminum brackets available in 9 designer colors and plated finishes. Brushed Nickel, Brushed Gold, Antique Bronze, and Chrome come with a plated coating. Taupe, Grey, Black, White, and Warm White are painted. Or choose Primer Grey for hardware that is ready for you to paint.
- Choose from hundreds of fabrics in a variety of colors, textures, and opacities to customize any room décor.
- Shades can be customized with graphics, patterns, or custom color matches, including color matching libraries such as Sherwin-Williams and Pantone.

SIZES

- Accommodates a 2 ¾" (70 mm) bundle diameter and up to 8' (244 cm) width.
