

- Crank-Operated FlexShade® features precision control to easily raise or lower window shade(s) to exact desired height. For added benefit, the crank handle can be permanently mounted or detachable to limit shade access in educational, healthcare, government or institutional settings.

FEATURES

- Crank handle can be permanently mounted (standard) or detachable; up to 6' (183 cm) in length.
- Optional, heavy-duty crank up to 10' (305 cm), or two-piece handle available in greater lengths.
- Wall mounting brackets with endcaps included.
- Fabric-covered fascia available.
- Product designed for interior use.

OPTIONS

- Multiple hardware options for surface mounting, including brackets (standard), fascia with endcaps, or headbox with closure. windowshades/hardwareoptions.aspx
- Small or large hardware options available.
- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.

SIZES

- Maximum shade width is 12' (366 cm), depending on fabric selection.
