

MANUAL Crank-Operated FlexShade®

DETACHABLE OR PERMANENTLY MOUNTED CRANK HANDLE

- With single controller operation, the Crank-Operated FlexShade® provides precision control to easily raise or lower window shade(s) to exact desired height. For added benefit, the crank handle can be permanently mounted or detachable to limit shade access in educational, healthcare, government or institutional settings.

FEATURES

- Crank handle can be permanently mounted (standard) or detachable; up to 6' (183 cm) in length.
- Wall mounting brackets with endcaps included.
- Fabric-covered fascia available.
- Small or large hardware options available.
- Product designed for interior use.

OPTIONS

- Optional, heavy-duty crank up to 10' (305 cm), or two-piece handle available in greater lengths.
- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.

SIZES

- Maximum shade width is 12' (366 cm), depending on fabric selection.
