

MANUAL Clutch-Operated FlexShade® NEXD

READY FOR INSTALLATION

Residential Installation. Installer: Lakeview Shade & Screen, Richmond, IN.
Product: FlexShade NEXD. Fabric: Mermet Deco 3% in Tumbleweed and Flagstone colors.

- Clutch-Operated FlexShade® NEXD offers the flexibility to choose an optional, fully assembled cassette style system (slim size only), a standard set-up with endcaps, or endcaps with fascia. This premium manually-operated window shade includes pre-drilled jamb mounting holes and a height-adjustable idler bracket for fine levelling adjustments after installation. The Clutch-Operated FlexShade NEXD features a heavy-duty field convertible clutch built for durability that provides ease of use and low maintenance for commercial, healthcare, institutional, or educational settings.

FEATURES

- Comes with mounting endcaps (standard). Optional fascia with endcaps. Pocket headbox or Type D Pocket available for small and large sizes.
- Clutch available in white (standard) or black.
- Stainless steel bead chain (standard). Steel mounting bracket with integrated NEXD Clutch.
- Height-adjustable idler endcap for fine levelling adjustments after installation.
- Bead chain clutch operator mounted right (standard) or left-hand operation.
- Pre-drilled jamb mounting holes.
- Clutch-operated products can be ANSI/WCMA A100.1 compliant for areas where small children are present.
- Product designed for interior use.

OPTIONS

- Optional dual rollers available upon request.
- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Polyester chain available in white, black, brown, grey, or ivory at no extra charge.
- Adhesive attachment available upon request in place of spline attachment (standard).

SIZES

- Maximum shade width for 3³/₁₆" (81 mm), slim clutch is 84" (213 cm), depending on fabric selection.
- Available in three hardware sizes; slim, small, and large. Where slim and small are available in the same size, small will be the default choice. The slim version offers a fully assembled cassette-style system with a 3³/₈" (86 mm) profile.
