

MOTORIZED FlexShade® XL

LARGEST CASSETTE-STYLE FLEXSHADE

- With a 5" profile, the wall- or ceiling-mounted FlexShade® XL window shade features our largest cassette-style FlexShade. At up to 25' wide, this shade utilizes an improved 127 headbox with an integrated cradle support system to allow wider widths while minimizing deflection. The FlexShade XL is powered by an RTS motor as standard with a built-in radio transmitter for wireless remote control.

FEATURES

- Utilizes 5" h (127 mm) ZIP 127 headbox.
- Two headbox styles: angled and curved.
- Secure moisture resistant connection to line voltage using M12 Connector or Plug & Play option using three-prong NEMA plug.
- Wireless wall switches available in 1, 2, 3, 4, or 5 channels. Handheld remotes are available in 1, 4, or 16 channels.
- Serial and dry contact interfaces available.
- Product designed for interior use.

OPTIONS

- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Optional sun sensor or timer with on-screen display.
- Optional App control is available.

SIZES

- Available in sizes from 13' to 25' (396 cm to 762 cm) wide, depending on fabric selection.
- Larger sizes available with Colossal FlexShade®.
