

MOTORIZED COLOSSAL FLEXSHADE®

LARGEST FLEXSHADE

Colossal FlexShade® Business Instructional Facility at the University of Illinois., Design Architect: Pelli Clarke Pelli Architects, New Haven, CT., Installation and Photography: Real Designs, Champaign, IL.

- The Colossal FlexShade® window shade offers superior control of heat gain and glare in large shading applications. This window shade maximizes the ability to reduce light gap, by minimizing the number of window shades required for coverage.

FEATURES

- Automated control system.
- Fabric determines height capabilities.
- Deflection Compensation System to minimize fabric fullness.
- Eyebolts for hoisting shade provide ease of installation.
- Battens included to ensure flattest surface possible.
- Headbox finished in white.
- Product designed for interior use.

OPTIONS

- Optional internal junction box, wall mounting bracket kit, or ceiling tile flange kit available.
windowshades/hardwareoptions.aspx
- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Graphics can be printed on window shade.

SIZES

- Available in sizes 3' to 28' 9" wide (91 cm to 846 cm) and 40' (1,219 cm) high, depending on fabric selection.
