

MOTORIZED FLEXSHADE® 2

TALLER SHADE FOR LARGER JOBS, MULTIPLE WINDOWS

FlexShade 2 , Wilkes-Barre Airport, Wilkes-Barre, PA.,
Dealer: HEI, Wilkes-Barre, PA., Photography: Earl & Sedor Photographic, Kingston, PA.

- The FlexShade® 2 window shade provides the ability to reduce light gap in institutional or commercial areas that contain a large span of windows. As a taller shade, it maximizes the ability to reduce light gap by minimizing the number of window shades required for coverage.

FEATURES

- Spring-loaded idler end provides ease of installation.
- Mounting brackets (standard).
- Wall switch included.
- Available with standard motors, intelligent motors or with built-in radio frequency control.
- Control options available.
- Product designed for interior use.

OPTIONS

- Optional fascia with endcaps, or headbox with closure.
[windowshades/hardwareoptions.aspx](#)
