**ELECTRIC Access V**
CEILING-RECESSED, TAB-TENSIONED

A premium projection screen making it the choice for boardrooms, mid-sized training rooms, classrooms, or home theaters. The bottom closure panel provides access to all components for easier service and maintenance. Installation of the case during the initial phase of construction eliminates job site damage, allowing for installation of the screen at a later time.

**FEATURES**
- The standard Access is a good alternative whenever the above-ceiling space permits. Access FIT is recommended when space is at a premium.
- RF welded tabs eliminate stickiness and tab separation. Tabs warranted against separation for five years.
- Image area fully framed with black. Standard 12" (30 cm) black drop at top of viewing area.
- Adjustable or removable hoisting brackets included for easy lifting during installation.
- Sliding brackets on top of the case allow for adjustments for mounting.
- Sliding brackets inside case accommodate different size screens.
- Bottom closure panel detachable or hangs in place with "T" bracket to provide accessibility for service or maintenance.
- Quick-connect wiring allows for early installation of the case with the addition of the screen later.
- Includes a 110V, 3-position switch (standard).

**WARRANTY**
