Having no visible frame or border makes the fixed-tensioned Edgeless Clarion perfect for areas that require an unobtrusive projection screen with flat panel appeal. It features a permanently mounted projection screen with a viewing surface that wraps completely around the perimeter frame and attaches to the back side. The Edgeless Clarion also provides a perfectly-flat viewing surface with uniform tension for excellent image quality that is ideal for churches, bowling alleys, universities, retail, or commercial applications.

**FEATURES**
- Fixed screen, can be wall-mounted or flown. Mounting fasteners not included.
- Viewing surface wraps around perimeter frame and attaches to the back with no visible frame or borders.
- Extruded aluminum base frame, equipped with snaps set on 6" (15 cm) centers.
- Frame equipped with mounting flanges that match wall brackets.
