Housed in an attractive black pentagonal steel case, the crank-operated Premier C wall-or ceiling-mounted, tab-tensioned projection screen comes with a crank handle for enhanced screen security. The detachable crank handle provides an added benefit of limiting screen access within educational or business-related environments.

FEATURES
- Image area framed with black on all four sides. Black drop standard, depending on screen size. Extra drop above image area available upon request.
- Crank-operated projection screen.
- Polished aluminum crank handle is removable when not in use.
- Includes black case with matching endcaps. Endcaps form universal hanging brackets for attachment to wall or ceiling.

OPTIONS
- Custom powder coat colors available.
- Viewing Surfaces: TecVision®, OptiFlex™ (tensioned), CineFlex™ (rear projection) families.
- Optional floating mounting brackets (for wall and ceiling).

WARRANTY
[draperinc.com/warranty.aspx]

THIS SCREEN IS TAB-TENSIONED
RF welded tabs eliminate stickiness and tab separation. Tabs warranted against separation for five years. Tab-tensioned screens provide a perfectly flat viewing surface with better image quality.
