

Printed Backgrounds

Need to convey a brand message, give your telepresence an air of professionalism, or even communicate more clearly between different branch offices (London, New York, Beijing, etc.) within your company? No matter the message or the artwork Draper Printed Backgrounds offer unlimited potential to enhance your telepresence and make it more effective.

Chroma Key Backgrounds

Would your video conferencing benefit from including changing background images or even live action video footage? Draper's Chroma Key Backgrounds, typically referred to as "blue screen" or "green screen" technology, make it easy. With Draper's Chroma Key Backgrounds your video conferencing will never be static or lifeless again.
