The Motorized FlexShade RTS AC window shade offers a 3-wire motor that features parallel wiring, electronic programmable limits, and a multitude of control options. With a hand-held remote control and Plug & Play options, this easily programmable shade is the ideal choice for the office, boardroom, small commercial settings, residential, and church applications.

FEATURES
- Shades can be coupled to reduce the number of motors required.
- Secure moisture resistant connection to line voltage using M12 Connector or Plug & Play option using three-prong NEMA plug.
- Motors can be parallel wired (daisy chained).
- Wireless wall switches available in 1, 2, 3, 4, or 5 channels. Handheld remotes are available in 1, 4, or 16 channels.
- Serial and dry contact interfaces available.
- Recess mount hardware includes pocket headbox or Pocket D headbox with tile lip. Where a pocket already exists a wall clip and closure are available with or without a tile lip.
- Compatible with U, H, and L channels for light-gap reduction.
- Dual roller hardware components include: Dual Roller Endcaps, Dual Roller Fascia, and Dual Roller Pocket Headbox. Options may vary by product type. See technical documents for details.
- Product designed for interior use.

OPTIONS
- Optional sun sensor or timer with on-screen display.
- Optional App control is available.
- Multiple hardware options for surface mounting, including brackets (standard), fascia with endcaps, or headbox with closure.
- Hardware finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Optional dual rollers available upon request.
- Dual Roller Fascia finish choices: clear anodized (standard), black, white, ivory, or charcoal bronze. Custom powder coat colors available.
- Dual Roller Pocket Headbox finish choices: gray inside/white outside or white inside/gray outside with a white wall clip.

SIZES
- Available in sizes from 29-½" to 168" (75 cm to 427 cm) wide, depending on fabric selection.
- Larger sizes available with FlexShade 2 or Colossal FlexShade.
