☐ Right

Specifications-Panel Track FlexShades
Unit shall consist of headrail with sliding shade fabric panels. 2-8 fabric panels attach to sliding headrail hook bars using Hook & Loop attachment strips. 2-5 tracks available in headrail.

Wand: Operating wand to be of aluminum.

Brackets: Plated steel, with adequate projection to clear all window fixtures.

Fascia: Optional curved fascia panel with endcaps and returns to hide headrail and brackets. Available in clear anodized, or ivory, bronze, black or white powder coat.

Please note: Dimensions of hardware at manufacturer’s discretion.
